Northwest TCI Holdings Ltd

Declaration of Compliance with the Environmental Impact Assessment Recommendations

Environmental Impact Assessment
JANU Northwest Holdings TCI PR18942

This document is provided as formal declaration that the project development will comply with the recommendations made by the Consultant in the Environmental Impact Assessment as provided to the Department of Planning and the Department of Environmental and Coastal Resources.

An updated declaration statement will be provided in response to any Public Consultation, if held, and Turks & Caicos Government commentary which requires alteration to any part of the Environmental Impact Assessment.

The undersigned confirms that the proposed activity will comply with all relevant environmental standards, statutory requirements, regulatory obligations, and applicable best-practice guidance.

Based on the recommendations set out in the Environmental Impact Assessment and subject to the implementation of all required mitigation measures, the proposed activity is considered environmentally acceptable.

The undersigned acknowledges and confirms an understanding of the terms, principles, and commitments set out in the Environment Charter 2001.

The undersigned acknowledges and confirms an understanding of the terms, principles, and commitments set out in the Environment Charter 2022.
